

ELECTRIC SCREEN DIMENSIONS

The NOBO electric 'plug n play' screen is a compact, quiet and lightweight projection screen that is the ideal companion product for the office presenter requiring a quick, simple and easy to install option that retains the quality and reliability you would expect in a NOBO electric screen. With a range of five different sizes, all utilizing the 4:3 video format, there is a product to suit the needs of every presentation environment.

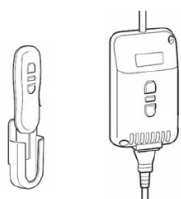

Featuring industry standard wall mounting brackets and proven plug and play technology, the new screens can be affixed to the wall, plugged into a mains electricity supply and fully operational in a matter of minutes. Combined with the user-friendly 3-button controls on both the wall mount switch and the RF remote control, the new range of NOBO electric screens affords the user ultimate control over adjustment of the screen from anywhere within the room (up to a range of 10m).
